### **EoP Re: 10th Circuit Court: John Roberts v Brett Kavanaugh & US v Tim McVeigh.**

Now, Chief Justice Roberts has requested Judge Timothy M. Tymkovich, the chief circuit judge of the Denver-based Tenth Circuit, to review the complaints against Kavanaugh and "any pending or new complaints related to the same subject matter." Disclosure: I, Lara Johnson married US citizen, Demian Emile Johnson [lj-v-dej.tygae.org.za] on 11 October 1997 at Folsom Prison where he was a prisoner. I did not then, and do not now, want to become a US citizen and/or 'rattle snake' passport holder. During apartheid the South African passport was referred to by South Africans as 'The Green Mamba'; a highly venomous snake found in Sub Saharan Africa. I consented to my husband's request to apply for temporary legal US resident status: INS # A77 177 281, to enable me to legally remain in the US as a US resident, pending his release from prison. I was deported by the INS in March 2002, for reasons unknown. I was arrested in the San Francisco INS offices after I had a verbal disagreement with an African American lady INS official, where I made reference to my lack of surprise for Osama Bin Laden et al referring to America as a shithole country. The arrest occurred approximately a week after I had telephoned the San Francisco FBI and District Attorney's office; on behalf of US Special Forces Native American – Seminole tribe – soldier Michael Martin – while he was at the time physically in my presence at a yacht club in Berkeley – to inform them that he was Oklahoma City bombing suspect John Doe #2, and that I was calling to inform the FBI / San Francisco DA that he had information he was willing to share with them about his role as John Doe #2, in the Oklahoma City Bombing. Michael Martin is not his real name, which I do not know and did not ask him to disclose. Presumably the San Francisco FBI and District Attorney did not want Michael Martins John Doe #2 OKC bombing information, because they put down the phone terminating the conversation. I also telephoned the White House National Security Office, to briefly inform them of the

information. They did not ask any questions, but did not put down the phone. A few minutes after calling the White House National Security Office, someone from some Diplomatic office called, I don't recall the exact name, but it had 'Diplomatic' in it, presumably the Diplomatic Affairs Division at the Dept of State, called with a few questions, none of which included Michael Martin. I had been in touch with Michael Martin for a few months, we originally met in a Flying J Truckers Parking lot in Phoenix Arizona, sometime on 07 Oct or between 6 and 17 Dec 2001: Our initial meeting occurred during media reports about the bombing of Tora Bora in Afghanistan. We travelled together for two days spent the night at the Geronimo Motel in Flagstaff, discussing among others the OKC bombing, then returned to Phoenix the next day. We then agreed that Michael would go back to Washington DC to speak with his Pentagon superiors to ascertain their level of interest if any for the disclosure of Oklahoma City bombing events via Truth and Reconciliation proceedings, and I would return to the Bay Area. A few weeks later Michael Martin returned to the Bay Area from DC, where I picked him up at the San Francisco bus station, where I got a parking ticket waiting for his bus to arrive. He stated his Pentagon superiors did not object to his enquiry whether the OKC bombing events could be disclosed via Truth and Reconciliation proceedings, but they did say that it would open a can of worms that went directly back to the John F Kennedy Assassination, and they did not know whether American citizens really want to know the truth about what is done for them in their name. As of April 2003, the US Embassy in Pretoria have not recognized me as a legal US resident, a former legal US resident, or individual married to a legal US citizen. Allegedly the INS refused to provide the US Embassy in Pretoria with my INS file, to enable them to resolve the issues. All EoP TRC to End Abel and Kane Cold War negotiations legal applications and correspondence since 2003 has been an effort to cooperate with US Pentagon officials to ascertain the level of American and international support for such Ecology of Peace Truth and Reconciliation end to the Cold War.

My current working hypothesis conclusion is that all that is absolutely necessary is for such an alternative venue would be (a) The 'Justice Quartus de Wet & Jury Percy Yutar mercy' guarantee prior to the start of proceedings; that if the Judge or Jury finds us guilty; the Judge shall agree to our EoP cultural mercy preference not to waste taxpayers funds as prisoners; but the opportunity for us to be granted a two year exile to live together somewhere quietly in a village in the Siberian or similar wilderness; before the Red Army execute us by firing squad and bury us together in unmarked graves in the Siberian wilderness; (b) The judge and jury's commitment to the evidence; the whole evidence and nothing but the evidence; so that both Ecology of Peace and Masonic War is Peace parties could submit their evidence; for the Judge and/or Jury's consideration; (c) Once the Judge or Jury have considered all the Ecology of Peace and Masonic War is Peace evidence; if they determine that your Ecology of Peace actions were

### **Judge Tymkovich: EoP and WiP or WiP Only?:**

[A] Is Judge Tymkovich an EoP and WiP conflict of cultures court of appeals judge; or a WiP cultures Only judge. Put differently: Do you accept legal applications from individuals who are members of Ecology of Peace culture?

EoP refers to Ecology of Peace. WiP refers to Masonic War is Peace. EoP court and/or judge refers to a court with clear scientific [eop-scicultlaw.tygae.org.za] based legal definitions for objective [eop-rh-fr.tygae.org.za] and subjective reality focussed resource conflict problem solving strategic intelligence [eop-v-wip-stratint.tygae.org.za] path to sustainable peace in language so simple that a child can understand. WiP court refers to a court and/or judge where peace and honesty legal definitions are not scientifically based but consciously or unconsciously vague and ambiguous, which nobody except conscious or unconscious ‘innocence indulgences for sale’ lawyers, prosecutors and judges can understand; whose strategic intentions are presumably to enable such conscious and/or unconscious innocence indulgences for sale WiP legal religious priests to profiteer off resource conflict misery their WiP laws have fuck all intentions of resolving.

A ‘Conflict of Cultures’ court or arbitrator would consider culturally based evidence from any individual whatever their culture; even if none of the courts judges or arbitrators were members of one or both of the parties cultures; in order to reach a win-win conflict of EoP v WiP cultural laws compromise. A Monoculture court will consider only culturally based evidence from a particular EoP or WiP culture; which could be racial, religious, class or ideological. In this case an EoP and WiP court or arbitrator would consider both EoP and WiP cultural evidence; even if none of the courts judges or arbitrators were members of one or both of the parties cultures. A WiP only court would consider only WiP cultural evidence – although it may provide conflict of cultures arbitration if parties are members of different racial, religious, class or gender WiP sub-cultures – denying access to the court’s arbitration proceedings, from individuals who are not members of a WiP culture.

**If any Tenth Circuit Court of Appeals: EoP and WiP:**

If any Tenth Circuit Court of Appeals Judge is an EoP and WiP Judge:

[E] Please see Questions [B] & [C].

**If Tenth Circuit Court of Appeals: WiP Only:**

[F] Would it be fair for Justice John Roberts to reasonably conclude that if Timothy McVeigh counsel Stephen Jones had made an EoP culture military necessity [mil-nec.tygae.org.za] application on behalf of his client; before any or all WiP Only Tenth Circuit Court judge/s – US v Timothy McVeigh No. 97-1287 – the EoP application would not then have received – and will not now receive – a fair and impartial EoP v WiP conflict of cultures juridical enquiry?

Saying pretrial publicity and jury misconduct kept him from getting a fair trial, Timothy McVeigh asked the U.S. Supreme Court on Wednesday to review his convictions in the Oklahoma City bombing case. McVeigh, who faces execution, is also asking the court to review whether he deserves a resentencing. He argues his attorneys should have been allowed to ask jurors during the selection process whether they would automatically choose death for those most responsible for the bombing. Federal prosecutors have until Feb. 5 to respond to McVeigh's arguments, which were rejected last year by the 10th U.S. Circuit Court of Appeals. McVeigh, 30, filed his Supreme Court appeal as a pauper, an option for indigent prisoners who can't pay

the filing fee. The man convicted of the worst act of terrorism on U.S. soil is in federal prison in Florence, Colo. The U.S. Supreme Court accepts only a small percentage of the cases it is asked to review. It will likely be several weeks before justices vote privately on whether to accept McVeigh's appeal. Attorney Rob Nigh Jr. urged the justices to take the case to send a message to the country that all defendants will get a fair trial no matter how heinous the crime in which they are accused. Nigh, of Tulsa, made the plea while criticizing the 10th U.S. Circuit Court of Appeals for upholding McVeigh's convictions even though U.S. District Judge Richard Matsch didn't investigate alleged jury misconduct. "The Oklahoma City bombing case and the trial of Timothy McVeigh were of critical importance to the nation," Nigh wrote. "The country looked to this case as the means by which faith in the criminal justice system might be restored after media fiascoes in other high profile criminal cases had engendered profound disillusionment in the processes of criminal law. "The Tenth Circuit's decision to uphold the district court's refusal to recognize the prejudice from premature decision when 'ordinarily' an investigation should be conducted sends an unmistakable message to the citizens and courts of the United States. The message is that the rules of law may be applied on a sliding scale when the crime is unspeakable and public outrage is great. "This court should grant... (review) so that a different message is sent." – News OK: [Supreme Court Asked to Review McVeigh Convictions](#)<sup>42</sup> [ELS [Copy](#)<sup>43</sup>].

[G] If Tenth Circuit Court WiP Judges think any other US Court of Appeals Circuit Court and/or the US Supreme Court may have an EoP and WiP Judge: questions [B] and [C] can be referred to such Circuit Court and/or Supreme Court Judge or Judges.

[H] If Tenth Circuit Court WiP Judges think all other US Court of Appeals Circuit Courts and the US Supreme Court only have WiP Judges: Do Tenth Circuit Court of Appeals Judges on behalf of all US Circuit Court of Appeals Judges and the US Supreme Court; have any objections to NSA: Gen Paul Nakasone and/or Timothy McVeigh's NSA superior; to authorize the release of Timothy McVeigh to travel to South Africa and to Russia with EoP MILED Clerk for their joint assisted suicide in Siberia.
