President Donald Trump, NCMNPS Commissioners, Rivera Sun & Peace Voice:

EoP Re: National Comm on Military, National and Public Service Enquiry.

EoP MILED Clerk – on behalf of EoP Applicants [[eop-applicants](#)⁸] – Ecology of Peace Truth and Reconciliation (“EoP TRC”) to End the Abel and Kane Cold War strategic and tactical – sincere peacenik / honourable warrior [[eop-rh-fr](#)⁹] – recommendations to Commanders in Chief of NATO, Red Army and People’s Liberation Army [[lj-v-ls](#)¹⁰] is to form an EoP Axis [[eop-axis](#)¹¹] alliance to implement EoP Scientific and Cultural law as international law, via EoP UN Resolution [[PDF](#)¹² pp.25-66/70: [eop-un-res](#)¹³]; to enable orderly and humane deindustrialization and depopulation by (a) requiring all citizens of all races, religions, nations, to breed and consume below ecological carrying capacity limits; or be humanely eliminated from the planetary genepool; (b) nationalizing all property and providing all responsible freedom oath citizens: (i) cultural law self rule homelands for groups with subjective racial, religious & gender identities; and (ii) a property ration to enable their shelter and survival self-sufficiency to enable the rebuilding of a relocated low-tech organic agrarian sustainable future.

With regard to military/national/public service:

The implementation of EoP Scientific and Cultural law would allow for orderly and humane abolition of tax funded standing armies and political representatives to be replaced by responsible freedom citizen militia and political representatives.

Sincere peacenik / honourable warrior citizens can sign their unconditional or conditional cooperator EoP Axis Oaths [[eop-axis-oath](#)¹⁴] to provide their Heads of State with an EoP Axis Alliance: EoP UN Resolution mandate.

EoP – Exit Economic Apartheid Ecocide Babylon Law – UN Resolution:

EoP UN Resolution is the updated version of the Ecology of Peace Truth and Reconciliation submission submitted to Archbishop Desmond Tutu and South Africa’s Truth and Reconciliation Commission.

In 1999 I filed a Submission to the Truth and Reconciliation Commission (“TRC”), promising to donate my inheritance to the TRC; in support of sincere – racial, religious, class and gender – land and/or economic inequality reform reconciliation in South Africa.

EoP UN Resolution is the updated version of the Ecology of Peace Truth and Reconciliation submission submitted to President George W Bush re: US v Timothy McVeigh.

[34] In May 2001, I wrote a letter to President Bush requesting President Bush to suspend Timothy McVeigh's execution pending OKC bombing Truth and Reconciliation, to facilitate honest forgiveness and truth-seeking problem solving related to the US domestic and foreign policy causes of the OKC bombing. If the OKC TRC proceedings did not grant Timothy McVeigh amnesty, they would choose to sentence Timothy McVeigh and myself to death.

A similar – Braveheart Shibumi Satori Honour Trial Lawfare [\[braveheart-ss\]](#)¹⁹ – offer was made to (a) US, Afghanistan and Taliban officials in October 2001 on behalf of providing Osama bin Laden a free and fair trial after I became aware of the Taliban's offer to extradite Osama bin Laden to the International Criminal Court at the Hague, for his alleged involvement in the World Trade Center Attacks; on the condition he was granted a free and fair trial by a jury of his peers; (b) to Norwegian officials and Anders Breivik in 2011 after I became aware that Breivik's lawyer was endorsing efforts to deny his client a necessity defence in favour of a mental insanity defence. [Anders Breivik's Thank you letter](#)²⁰ [\[PDF\]](#)²¹.

The EoP UN Resolution is also the updated version of the Ecology of Peace Amicus submitted to the South African Constitutional Court in CCT 23-10: The Citizen v Robert McBride.

[12] The Ecology of Peace Truth and Reconciliation ("EoP TRC") to End Abel and Kane Cold War Pro Se Amicus submitted – with [consent from SA Concourt Justices](#)²² [\[PDF\]](#)²³ – to the South African Constitutional Court in CCT 23-10: The Citizen v Robert McBride [\[tc-v-rm\]](#)²⁴ argued that South Africa's Truth and Reconciliation Commission was negligent and/or a fraud, denying both sides – Apartheid and Anti-Apartheid – an honest enquiry into the root — causes of international law enabling procreation and consumption above ecological carrying capacity limits — causes of all planetary racial, religious and class resource conflict.
